10) CLUB

- a) Sorrento FC strives to attract, develop and retain the best coaches. We feel we are a very structured club and one club. That is, there is only one Committee and thus the juniors, seniors, masters, social players and our non-playing members are “under one umbrella”. There is a clear progression path for players, whether they are of 1st tier standard or of our 2nd tier or 3rd tier.
- b) Everyone is encouraged to utilize the Club’s facilities. Almost all this Club’s facilities, except the actual grounds, have been built or purchased by this Club. Sorrento FC is totally responsible for the maintenance and any extensions/improvements of its own club house. Generally, clubs use Shire/Council facilities at no or little cost/charge. We do not have that situation. Our club is ours whilst we occupy it. The advantage is that we do not have to share club house and thus can use the club 12 months of the year, but that comes at a cost. We have to pay all insurances, electricity; water rates; City of Joondalup rates, club house cleaning and cleaning equipment/consumables; maintenance of canteen, change rooms & club house; hand towels, toilet consumables; licenses; rubbish collection; painting, telephone rent; broadband, stationary; etc. The City of Joondalup is responsible for the maintenance of the pitches. Although we do extra top dressing, mowing, weeding and fertilizing ourselves.
